

Feed premix comprising amino acids for domestic animal species

Amino Selstar

contains
chelates

Guaranteed content: Amino acids, Se- 0,2%

Description and performance

Amino Selstar (organic selenium) is a feed premix prepared on the basis of **SPC** amino acids for different types of animals. Amino Selstar is produced on the basis of Arkop's proprietary technology involving the use of micronutrient compounds with very high bioavailability. Amino Selstar effectively supplements selenium deficiencies, ensures correct development of the organism and enhances animal health. The selenium in Amino Selstar is characterized by high good bioavailability, thanks to which it can very quickly supplement deficiencies of this element in animal diet.

Application of Amino Selstar ensures:

- Reduces cases the incidence of retained placenta

Combination of Amino Selstar with High vitamin E, is used in prevention:

1. Muscle dystrophy in new born kids/lambs
2. High Retained placenta cases
3. High Milk SCC

Composition

- Contains Selenium chelated on aminoacids of **SPC**

Microelement: Selenium - Se Contents: 2 g/Kg

***SPC:** Soy Protein Concentrate
