

PROSTIM NF[®]

Animal-Based Organic Nitrogen Fertilizer

Formulated with a high concentration of Organic Nitrogen, and Iron, **PROSTIM NF[®]** is particularly indicated for crop nutrition.

GENERAL DESCRIPTION

PROSTIM NF[®] is an organic fertilizer suitable with all NPK fertilizers.

DIRECTIONS FOR USE

PROSTIM NF[®] is used as an **organic fertilizer and soil improver** for all types of crops; it is particularly indicated for the early stages of crop growth.

Direct application on the soil in established crops, using mechanical equipment; apply evenly in the root zone. Dose: 150-400 Kg/Ha.

Application through the irrigation system (drip or sprinkler); make a suspension by adding the product gradually while constantly stirring. Dose: 30-50 Kg/Ha. per crop cycle. It is recommended to use anti-foaming agents.

Foliar application as nitrogen fertilizer. Add in the machinery's basket to avoid clumping, or dissolve before adding to the tank. Dose: 4-6 g/L of water.

STORAGE

Store in a cool, dry place in the sealed container, avoiding exposure to direct sunlight.

WARNING

Non-corrosive and non-irritant product. Keep out of children's reach. Keep away from food, drinks and animal feed.

GUARANTEED ANALYSIS

Organic Matter	95%
Organic Carbon (C)	55%
Total Nitrogen (N)	15%
Organic Nitrogen (N)	15%
Phosphorus (P ₂ O ₅)	0.5%
Potassium (K ₂ O)	1.4%
C/N	3.6
Calcium (CaO)	0.02%
Iron (Fe)	2700ppm
Max. Moisture	9.0%

Class A Fertilizer: The total content for heavy metals is below the limit allowed for the product category.

PHYSICAL PROPERTIES

Appearance:	Brown-reddish micro-granules
Odor:	Characteristic
pH:	7-8

PROSTIM NF[®] is registered in the Fertilizers Registry of Ministry of Agriculture, Food and Environment with registry number F0000960/2029. **PROSTIM NF[®]** is manufactured under the approval number: ESP08500530.

Organic fertilizer. It is not destined to land which farmed animals have access.

PROSTIM NF[®] is allowed for organic farming in accordance with EU RE 834/2007 by SC CAAE.
